

What can you find in this small landscape picture? Can you find any animals or people?

Is there something in the picture that looks like a tree? Can you find stairs in the picture?

Does the landscape look more like a desert or a mountain?

This picture is drawn with a needle on a metal plate. Then black color was applied on the drawn lines. Finally, the plate was turned onto paper and pressed firmly. The color of the lines transferred to the paper and the image was ready.

The picture was drawn by the artist Eemu Myntti.
